

*Good lawyers give good answers.
Excellent lawyers ask the right questions.*

Pontes lawyers represent clients in all sorts of disputes in courts and arbitration tribunals. By way of example, we handle large claims for damages, insurance-related claims, construction and concession disputes as well as disputes relating to energy contracts and other utilities, employment, IP or insolvency. In investment arbitration disputes, we regularly act as local counsels for investors. Cross-border and complex issues are a common feature of our disputes.
